### **DETAILED ACTION**

The Amendment filed on 22 March 2004 has been acknowledged.

#### ***Allowable Subject Matter***

1. Claims 1-22 are allowed.
2. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. The HP Apollo P-2500 printer found on the Internet having a built-in photo frame for personal memories.

#### ***Reasons for Allowance***

3. The primary reason for the allowance of claims 1 and 21 is the inclusion of the limitation of a printer with a photo stand comprising a plurality of engagement portions formed in the outer surface of the printer, wherein the photo stand is detachably attached to the engagement portions. It is these limitations found in each of the claims, as they are claimed in the combination, that has not been found, taught or suggested by the prior art of record which makes these claims allowable over the prior art.
4. The primary reason for the allowance of claim 8 is the inclusion of the limitation of a photo stand detachably attachable to a printer via a plurality of engagement portions formed in an outer surface of the printer, comprising a plurality of engaging protrusions that are provided on a rear surface of the frame and engage the respective engagement portions formed in the printer. It is these limitations found in each of the claims, as they are claimed in the combination, that has not been found, taught or suggested by the prior art of record which makes these claims allowable over the prior art.
